We the undersigned, being registered voters in Newton, New Hampshire, request that the following change to the zoning articles be adopted. To amend by eliminating the first paragraph of Section XXX (Elderly Housing), Part II (General Standards), paragraph B which states: The total number of elderly housing units in the Town of Newton shall not exceed ten percent of the total dwelling units then existing in the Town of Newton. The number of existing elderly housing units shall not be included in the calculation of this ten percent.

Removing this paragraph will help to create more housing opportunities and choices for our older citizens and also leave more open space while doing so.
